MESSAGE FROM THE DIRECTOR

Packing everything that SI interns, fellows, and research associates do into a short report is hard to do, but hopefully this offers at least a snapshot. This is the second year that OFI has put together an annual report. In the process of putting it together this year it is striking to us how grateful we are to work with not only so many fantastic academic appointees, but also with so many terrific SI colleagues who step up as mentors, advisors, and sponsors. Smithsonian staff who host interns, fellows, and research associates are truly the secret sauce that make SI academic programs the very best. If you hosted an intern, fellow, or research associate in the past year I hope you will read this report with the great satisfaction of knowing that you made the programs described here possible. Thank you!
